

August 24, 2006

NOTICE:

Clandestine Drug Lab Refresher Training Course is Re-scheduled to April 19, 2007

The CDL Refresher Training Course scheduled for October 2, 2006 has been re-scheduled to April 19, 2007. The training will be held at the Lacey Community Center, 6729 Pacific Avenue, SE, Lacey, Washington. This change in schedule is due to recent personnel changes at the Department of Health.

“What impact will this schedule change have on renewal of my certificate?”

Postponement of the refresher training course does not change the code requirements for renewal of worker or supervisor certification. The requirements are:

246-205-041

Refresher training course.

- (1) A refresher training course is required every two years for workers and supervisors.

WAC 246-205-081

Worker and supervisor certification renewal.

- (1) Worker and supervisor certification is valid for two years from the date of issuance.
- (2) Certified workers and supervisors seeking certificate renewal shall submit to the department thirty or more days before expiration of the current certificate:
 - (a) A completed application form for certificate renewal;
 - (b) A fee prescribed in WAC [246-205-990](#); and
 - (c) Evidence of successful completion of a department sponsored or approved refresher training course.

“If I was planning on the October 2nd CDL Refresher Training Course to meet the requirement for a refresher training course at least once every 2 years, what do I do?”

If your certificate expires between October 1, 2006 and May 31, 2007, DOH will extend your current certificate. To obtain this extension, complete and submit the enclosed application to DOH thirty or more days before expiration of your current certificate. There is no fee required for this extension.

After attending the refresher training course on April 19, 2007, submit a request for certificate renewal according to the process described above (WAC 246-205-081 Worker and Certification Renewal).

“I had already registered for the October 2nd CDL Refresher Training Course. Do I have to re-register for the April 19, 2007 training?”

Yes. All those planning on attending the April training will need to register for that training. Registration will be available online at our website: <http://www.doh.wa.gov/ehp/ts/cdl>

Questions? Please contact Mark Soltman by phone (360 236-3366) or email: Mark.Soltman@doh.wa.gov.

Clandestine Drug Lab Decontamination Worker or Supervisor Certificate Application for Temporary Extension of Expiration Date

The Department of Health CDL Refresher Training Course scheduled for October 2, 2006 has been re-scheduled to April 19, 2007, at the Lacey Community Center, [6729 Pacific Avenue, SE, Lacey, Washington](#). CDL Workers and Supervisors are required to attend at least one refresher course every two years to maintain their certificate. This change in schedule may impact current CDL workers and supervisors that were planning on attending the October training to meet the refresher training course requirement and whose certificates will expire between October 1, 2006 and May 31, 2007.

To address this potential impact, the Department of Health is offering to extend the Expiration Date of existing certificates until May 31, 2007. This will allow certificate holders to continue performing CDL remediation activities authorized by their certificate until they complete the CDL Refresher Training Course on April 19, 2007. ***There is no fee for this extension.***

Following the refresher course, certificate holders will need to apply for certificate renewal. Application forms and instructions for certificate renewal may be obtained on our CDL Website:
<http://www.doh.wa.gov/ehp/ts/CDL/default.htm>.

Send this application 30 days before your certificate expires to:

**Washington State Dept of Health
CDL Program
P.O. Box 47825
Olympia, WA 98504-7825**

Include:

- **This application form, completed**
- **Copy of your CDL Worker or Supervisor Photo Identification Badge**

Type or Print clearly in ink.
